

OFFICE OF THE CHIEF OF POLICE

SPECIAL ORDER NO. 14

June 22, 2010

APPROVED BY THE BOARD OF POLICE COMMISSIONERS ON JUNE 22, 2010

SUBJECT: DUTY TO CONDUCT AND DOCUMENT INDIVIDUAL PERFORMANCE
ASSESSMENTS - REVISED

EFFECTIVE: IMMEDIATELY

PURPOSE: Department Manual Section 1/668.01, *Risk Management Information System (RMIS)*, delineates the supervisor's responsibilities in completing an Action Item (AI) by selecting a disposition listed in the "Conclusion/Recommendation" section of the AI.

This Order revises the subsection *Disposition of the Action Item*, disposition selection **No Action**; adds the disposition selection **Further Action Not Required**; and transfers Risk Management Group's RMIS responsibilities to Training Evaluation and Management System (TEAMS) II Division. Attached is the Manual Section with the revised language in italics.

PROCEDURE:

- I. **NO ACTION - REVISED.** Department Manual Section 1/668.01, subsection *Disposition of the Action Item*, revises the *No Action* disposition selection. This disposition selection is used when no pattern of behavior posing potential risk was identified. If a significant difference in comparison with the employee's peer group was identified, further review verified that the difference was justified and did not require further action.
- II. **FURTHER ACTION NOT REQUIRED - ESTABLISHED.** Department Manual Section 1/668.01, subsection *Disposition of the Action Item*, establishes a disposition selection, *Further Action Not Required*. This disposition selection is used if some action was taken in connection with the same triggering incident/event before the AI was activated and no further action is required. In such an instance, the "Investigative Narrative" shall include an explanation as to what action was previously taken.

Note: A Further Action Not Required disposition will be electronically forwarded through the chain of command for review.

The remainder of the section remains unchanged.
